

During the project our students used different tools to do the tasks.

They used Powerpoint to prepare different presentations.

They used VOKI to complete another task.

Matchthememory.com was another useful tool.

The screenshot shows a web browser window with the following elements:

- Browser Tabs:** Firefox, create an online memory ga..., Mediacom: Inbox (120), Letter*Sound Match - Match ...
- Address Bar:** matchthememory.com/teamgiraffe
- Navigation:** Getting Started, eBay, Suggested Sites, Web Slice Gallery, Add to Delicious, Bookmarks
- Header:** MATCH THE MEMORY (in a red box), LOG IN, PLAY, CREATE, BUY (in a green bar)
- Game Title:** Letter*Sound Match
- Game Status:** Cards Flipped : 0 Time : 00:10
- Game Board:** A 3x5 grid of 15 cards. Each card has a blue background with a pattern of concentric circles and the word "Match!" written in white.
- UI Elements:** A help icon (question mark), a volume icon, and a keyboard icon are visible in the top right corner of the game area.
